

SECTION 00 02 00 - NOTICE TO BIDDERS

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received:

By: Union-North United School Corporation
22601 Tyler Rd.
Lakeville, IN 46536

For: LaVille Elementary School
2020 Improvements and Related Work
12645 Tyler Rd
Lakeville, IN 46536

LaVille Jr./Sr. High School
2020 Improvements and Related Work
69969 US 31
Lakeville, IN 46536

At: LaVille Jr./Sr. High School
69969 US 31
Lakeville, IN 46536

Until: 10:00AM (EDT), on September 22, 2020

Bid Opening: Bids will be publicly opened and read aloud at 10:00AM (EDT), on September 22, 2020, at the LaVille Jr./Sr. High School.

All work for the complete construction of the Project will be under one or more prime contracts with the Owner based on bids received and on combinations awarded. The Construction Manager will manage the construction of the Project.

Construction shall be in full accordance with the Bidding Documents which are on file with the Owner and may be examined by prospective bidders at the following locations:

Office of the Construction Manager
The Skillman Corporation
8006 Aetna Street
Merrillville, IN 46410

The Skillman Plan Room

www.skillmanplanroom.com

Prime and Non-Prime Contract Bidders must place an order on www.skillmanplanroom.com to be able to download documents electronically or request printed documents. There is no cost for downloading the bidding documents. Bidders desiring printed documents shall pay for the cost of printing, shipping, and handling. Reprographic Services are provided by:

Reprographic Arts, 2824 E. Michigan Blvd., Michigan City, IN 46360, Phone (219) 872-9111

A **Pre-Bid Meeting** will be held on **September 3, 2020 at 11:00AM (EDT)**, at the **LaVille Elementary School located at 12645 Tyler Rd. Lakeville, IN 46536**. Attendance by bidders is optional, but recommended, in order to clarify or answer questions concerning the Drawings and Project Manual for the Project. Bid security in the amount of ten percent (10%) of the Bid must accompany each Bid in accordance with the Instructions to Bidders.

The successful Bidders will be required to furnish Performance and Payment Bonds for one hundred percent (100%) of their Contract amount prior to execution of Contracts.

Contractors submitting bids for the performance of any Work as specified in this building Project should make such Bids to **Union-North United School Corporation**. Contractors are advised that the Contract as finally entered into with any successful Bidder may be entered into with either the School Corporation or the Building Corporation or certain portions of the Contract may be entered into by both the School Corporation and the Building Corporation.

Contractors submitting bids are also advised that this project will be a unified bid for the LaVille Elementary School and the LaVille Jr./Sr. High School. Contractors are advised that the Contract as finally entered into with any successful Bidder may be entered into with either the School Corporation or the Building Corporation or certain portions of the Contract may be entered into by both the School Corporation and the Building Corporation.

The Owner reserves the right to accept or reject any Bid (or combination of Bids) and to waive any irregularities in bidding. All Bids may be held for a period not to exceed **60** days before awarding contracts.

Union-North United School Corporation

By: Mitchell D. Mawhorter, Superintendent

END OF SECTION 00 02 00

SECTION 01 12 00 - MULTIPLE CONTRACT SUMMARY

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

- A. Drawings and General Provisions of the Prime Contract, including amended General Conditions and other Division 1 Specification Sections, apply to Work of this Section.

1.02 SUMMARY

- A. The intent of this Section is to indicate the Work required by the Contractors and to provide information regarding the duties, responsibilities, and cooperation required by the Contractors, with similar requirements for the subcontractors and suppliers.
- B. Owners right to maintain current operations
- C. Occupancy requirements
- D. Work by Owner
- E. Permits, fees, and notices
- F. Labor and materials
- G. Verifications of existing dimensions
- H. Project security
- I. Coordination of work
- J. Time of commencement and completion
- K. Schedule of contract responsibilities

1.03 WORK UNDER SEPARATE CONTRACTS

- A. Prime Contracts are defined to include the following contracts described in the Schedule of Contract Responsibilities included hereinafter; and each is recognized to be a major part of the project, with Work to be performed concurrently and in close coordination with Work of other Prime Contracts.
- B. The "Contract Documents," as defined in the General Conditions, include "the Drawings." Although Drawings are grouped and identified by classification of the Work, Contractors shall be responsible for their Work as specified herein and as

indicated on the Drawings. Although the majority of the Drawings are "to scale," Contractors are directed to use indicated dimensions for determining material quantities and for other reasons. No additional monies will be allowed due to Contractors using "scaling instruments" to determine material quantities or for other reasons.

- C. Separate prime contracts will be awarded as per the **"Schedule of Contract Responsibilities"** (see Part 3 – Execution). Contractors shall include Work required by the Specifications and Drawings for each contract area defined in the Schedule.
- D. Work for the complete construction of the Project will be under multiple prime contracts with the Owner. The Construction Manager will manage the construction of the Project.
- E. Each Contractor shall be responsible for demolition and disposal of existing items relative to his Contract.

1.04 ADMINISTRATIVE RESPONSIBILITIES OF PRIME CONTRACTORS AND CM

- A. The Construction Manager shall be responsible for the maintenance of the Construction Schedule and management of every phase of the Work.
 - 1. Each Contractor shall read the Specifications and Drawings for other separate Contracts for fixed equipment and the like to be incorporated or attached or built into the Work; and familiarize himself with the requirements and responsibilities of other Contracts to enable the required coordination and supervision.
 - 2. Each Contractor shall also familiarize himself with other items to be incorporated into the Work including equipment and Work by the Owner.
 - 3. Each Contractor shall cooperate with the Construction Manager in notifying him when the Work is at a stage to require the services of other Contractors and shall notify the Construction Manager in the event that such other Contractors do not carry out their responsibilities in connection with such notification.
- B. Contractors shall cooperate with and assist the Construction Manager in the preparation of construction progress and procedures, schedule of product deliveries, and their effect on the overall project progress and completion. Other Contractors shall cooperate in getting their Work and the Work of their subcontractors completed according to the schedule as prepared and maintained by the Construction Manager. Each Contractor shall immediately notify the Construction Manager of a delay in delivery of products or the scheduled date of completion that may affect the total progress of construction.
- C. The Owner will furnish the topographical survey, either as a part of these Drawings or separately, giving the general topographical lines existing at the site and the property lines.

- D. Contractors required to make connections to existing utilities, especially sewerage where gravity flow occurs, shall verify grades and locations at points of such connections and shall notify the Construction Manager of circumstances which would adversely affect the proper flow or connection to such facilities.

1.05 PRIME CONTRACTORS USE OF PREMISES

- A. Use of the Site: Limit use of the premises to work in areas indicated. Confine operations to areas within contract limits indicated. Do not disturb portions of the site beyond the areas in which the Work is indicated.
 - 1. Owner Occupancy: Allow for Owner occupancy and use by the public.
 - 2. Driveways and Entrances: Keep driveways and entrances serving the premises clear and available to the Owner, the Owner's employees, and emergency vehicles at all times. Do not use these areas for parking or storage of materials. Schedule deliveries to minimize space and time requirements for storage of materials and equipment on site.
- B. Use of the Existing Building: Maintain the existing building in a weathertight condition throughout the construction period. Repair damage caused by construction operations. Take all precautions necessary to protect the building and its occupants during the construction period.

1.06 OWNERS RIGHT TO MAINTAIN OPERATIONS

- A. During the course of this Project, normal and customary functions and operations must be maintained. The Contract Documents are intended to define a strict separation between the school activities of students and staff from the activities of the construction project.
- B. The Construction Manager, Architect, and Owner will not tolerate any visible or audible actions initiated or responded to by any employees of Contractors on this Project toward any students, teachers, or staff members at the school system. Violators shall be promptly removed from the site.
- C. The Owner intends to instruct students, teachers, and staff to refrain from communications with Contractor's personnel working on this Project. All communication with Owner and staff shall be through the Construction Manager.
- D. Contractors must expend their best effort toward protection of the health, safety, and welfare of occupants on the Owner's property during the course of Work on this Project.

1.07 OCCUPANCY REQUIREMENTS

- A. Full Owner Occupancy: The Owner will occupy the site and existing building during the entire construction period. Cooperate with the Owner during

construction operations to minimize conflicts and facilitate Owner usage. Perform the Work so as not to interfere with the Owner's operations.

- B. Partial Owner Occupancy: The Owner reserves the right to occupy and to place and install equipment in completed areas of the building prior to Substantial Completion, provided such occupancy does not interfere with completion of the Work. Such placing of equipment and partial occupancy shall not constitute acceptance of the total Work.
1. The Construction Manager will prepare a Certificate of Substantial Completion for each specific portion of the Work to be occupied prior to Owner occupancy.
 2. Party which obtained general building permit shall obtain a Certificate of Occupancy from local building officials prior to Owner occupancy.
 3. Prior to partial Owner occupancy, mechanical and electrical systems shall be fully operational. Required inspections and tests shall have been successfully completed. Upon occupancy, the Owner will operate and maintain mechanical and electrical systems serving occupied portions of the building.
 4. Upon occupancy, the Owner will assume responsibility for maintenance and custodial service for occupied portions of the building.

1.08 WORK BY OWNER

- A. The Owner intends to complete the following items of Work outside the provisions of these Contract Documents. Contractors shall not restrict or interfere with the Owner's right to the Project to accomplish this Work.
1. Equipment and furniture except as scheduled and specified under Divisions 11 and 12 and shown on the Drawings.
 2. Items which may be deleted from Contracts for Work as required by the Contract Documents.
 3. Existing school maintenance work.
 4. The purchase and supplying of certain materials as noted in the Project Manual.
 5. The Owner, under separate contract, shall provide removal of identified asbestos containing materials from the existing structure. The asbestos report is available through the Construction Manager upon request.

1.09 PERMITS, FEES, AND NOTICES

- A. The **General Trades Contractor** will secure and pay for the general building permit for the Owner. Each Contractor shall secure and pay for other permits, governmental fees, and licenses necessary for the proper execution and completion of his Work, which are applicable at the time the bids are also received. Fees to relocate utilities on Owner's property shall be included in the bid of the Contractor doing the relocation.
1. State filing fees for plan approval are the responsibility of the Owner and will be paid by the Owner.

- B. Utility Tie-Ins: Shall be arranged with local utility company and other involved parties for minimum interruption of service.
- C. Shutdowns of existing systems shall be limited to minimum time required and scheduled with other involved parties. Provide 2 days written notice of shutdown to Construction Manager and Owner.
- D. Inspections of installed work shall be performed by the governing authority as arranged for by the Contractor. Work shall not be covered until approved.
- E. Each Contractor shall give notices and comply with laws, ordinances, rules, regulations, and orders of public authorities bearing on the performance of his Work. If a Contractor observes that the Contract Documents are at variance therewith, he shall promptly notify the Construction Manager in writing, and necessary changes shall be adjusted by appropriate notification. If a Contractor performs Work knowing it to be contrary to such laws, ordinances, rules, and regulations, and without such notice to the Construction Manager, he shall assume full responsibility therefore and shall bear the costs attributable thereto.

1.10 LABOR AND MATERIALS

- A. Unless otherwise specifically noted, the Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for the proper execution and completion of his Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work.
- B. Each Contractor shall enforce strict discipline and good order among his employees or other persons carrying out Work of his Contract and shall not permit employment of unfit person or persons or anyone not skilled in the task assigned to them.
- C. Contractors and Subcontractors shall be subject to such rules and regulations for the conduct of the Work as the Owner may establish. Employees shall be properly and completely clothed while working. Bare torsos, legs and feet will not be allowed. Possession or consumption of alcoholic beverages or drugs, tobacco or other noxious behavior on the site is strictly prohibited. Violators shall be promptly removed from the site. Smoking is not permitted on school property or within school buildings.
- D. Contractors will conduct criminal background checks (extent of and/or service to be used will be established by the Owner) on every employee assigned to work on the Project and clear them through the National Sex Offender Registry prior to their assignment to Project. Contractors will require the same of sub-contractors.

- E. ID Badges will be issued by The Skillman Corporation upon receipt of verification from the Contractor that the employee/subcontractor employee or independent contractor has a satisfactory record to work on the Project.
- F. E-Verify Compliance: Pursuant to I.C. 22-5-1.7, Contractor shall enroll in and verify the work eligibility status of all newly hired employees of Contractor through the E-Verify Program (Program). Contractor is not required to verify the work eligibility status of all newly hired employees through the Program if the Program no longer exists. Also pursuant to I.C. 22-5-1.7, Contractor must execute an affidavit affirming that the Contractor does not knowingly employ an unauthorized alien and confirming Contractor's enrollment in the Program, unless the Program no longer exists, shall be filed with the Owner prior to the execution of this contract. This contract shall not be deemed fully executed until such affidavit is delivered to the Owner.

Contractor and its subcontractors shall not knowingly employ or contract with an unauthorized alien or retain an employee or contract with a person that contractor or its subcontractor subsequently learns is an unauthorized alien. If Contractor violates this provision the Owner shall require Contractor to remedy the violation not later than thirty (30) days after the Owner notifies Contractor. If Contractor fails to remedy the violation within the thirty (30) day period, the Owner shall terminate the contract for breach of contract. If Owner terminates the contract, Contractor shall be liable to the Owner for actual damages in addition to any other contractual remedies. There is a rebuttable presumption that Contractor did not knowingly employ an unauthorized alien if Contractor verified the work eligibility status of the employee through the Program.

Prior to performing any work, Contractor shall require each subcontractor to certify to Contractor that the subcontractor does not knowingly employ or contract with an unauthorized alien and has enrolled in the Program. Contractor shall maintain on file a certification from each subcontractor throughout the duration of this contract or project which is the subject of this contract. If Contractor determines that a subcontractor is in violation of this provision, Contractor may terminate its contract with the subcontractor for such violation. In Accordance with I.C. 5-16-13 Contractor must provide the E-Verify Case Number of every employee that works on the project. This requirement includes the contractor's subs and suppliers to the fourth (4th) tier.

- G. The Owner is requiring that all contractors' personnel and their onsite employees (trade employees) and subcontractors submit an expanded criminal history check through SafeVendor, a product of Safe Hiring Solutions. Please visit www.safevisitorsolutions.com/safevendor-app-agreement to create your account with SafeVendor. (Contractor is responsible for the cost of this background check). This should meet with the Owner's approval prior to the employee starting work on the project. All contractors' personnel and employees once cleared for work will be issued a project identification badge that must be worn at all times while on site. All contractors will be expected to provide the required name,

address, picture state driver's license or picture state identification card information to The Skillman Corporation Site Manager no later than 24 hours in advance of the employee coming to work at the project site.

- H. Pursuant to Indiana Code 5-16-13 Requirements for Contractors on Public Works Projects enacted by the Indiana Legislator requires, in addition to requirements already in effect, contractors to comply with the following:
1. Tier 1 –General/Prime Contractors to self-perform 15% of their total Contract.
 2. Qualification thru the Department of Administration or INDOT requirement in accordance with IC 4-13.6-4.
 - a. **Bids shall not be considered unless (1) the Prime Bidder and (2) all lower tiered subcontractors whose subcontract value is estimated to be \$300,000 or more are qualified at the time of the bid in accordance with IC 4 – 13.6 – 4.**
 3. Include Written Drug Testing Plan that covers all employees of the bidder who will perform work on the public work project and meets or exceeds the requirements set in IC 4-13-18-5 or IC 4-13-18-6 with Bid.
 4. Minimum Insurance Requirements \$1M/occurrence \$2M/aggregate. However, check your bidding requirements as the Owners may have higher limit requirements.
 5. Mandatory enrollment in E-Verify by all contractors down to the 4th Tier Sub Contracts and must provide the case verification number of all employees working on the project.
 6. Prohibits contractors down to the 4th Tier Sub Contract from paying employees in cash.
 7. Requirement to retain payroll records for 3 years
 8. All contractors down to the 4th Tier Sub Contract must comply with Fair Labor Act, Indiana's Workers Compensation and Unemployment Compensation Insurance.
 9. Mandatory Training Requirements based upon number of employees.
 10. Failure to comply may result in debarment from public works projects for up to 4 years.
- I. All contractors down to the 4th Tier Sub Contract must maintain general liability insurance in at least the following amounts: Each Occurrence Limit of \$1,000,000 and General Aggregate Limit of \$2,000,000. Other requirements and limits may apply see specification section 00 08 20 Schedule of Insurance Requirements.

1.11 CUTTING AND PATCHING

- A. Refer to Section 01 73 10 – Cutting and Patching, for provisions on this subject.

1.12 VERIFICATIONS OF EXISTING DIMENSIONS

- A. When verification of existing dimensions is required, the Contractor requiring said verification for the construction or fabrication of his material shall be the Contractor responsible for the procurement of the field information.

1.13 PROJECT SECURITY

- A. Each Prime Contractor shall take all reasonable precautions to prevent injury, damage or loss to people and property in, on and adjacent to the project. This shall include not only their own work or property but that of other contractors and the Owner.
- B. If deemed necessary by The Construction Manager a project wide security program may be developed for the purpose of preventing damage or loss at the project site or property adjacent thereto. Once accepted by the Owner, contractors shall comply.

1.14 SCHEDULE OF CONTRACT RESPONSIBILITIES - SCOPE

- A. Contractors shall submit their proposals based on the work included under each contract area as listed herein. Include Work necessary for a complete project, as shown on the Drawings and called for in the Specifications.
- B. Questions concerning the phasing or "Schedule of Contract Responsibilities" should be directed to the Construction Manager, who will be the interpreter and be responsible for this Schedule of Contract Responsibilities and Contract Breakdown, prior to submitting proposals and during construction.
- C. The requirements of Division 1 are a part of the Work of each and every contract area. The Contractor for any one contract area shall be familiar with the Work and requirements of all other contract areas.
- D. Certain Specification Sections describe Work to be performed under several contract areas. (Example: 06 10 00 - Rough Carpentry.) Provide Work of this nature as required for each contract area whether or not enumerated in the Schedule of Contract Responsibilities.
- E. The following contract areas are broken down by Specifications Section conforming basically to the CSI format.
- F. The Drawings and Specifications as furnished for each of the Contracts is for the convenience of the Contractor in preparing a proposal for this Project. However, each Contractor is responsible to review the complete set of Drawings and Specifications to assure that Work required to be installed to complete his phase of the Work is included in his proposal. This "Schedule of Contract Responsibilities" is a definition of the work as it is to be bid in separate contracts. Where a specific

item of Work is not defined, but is normally inherent to a trade, or is included in the scope of the applicable technical revision, it will be the responsibility of that Contractor to include the Work in his proposal.

- G. This "Schedule of Contract Responsibilities" is to aid each Contractor in defining the Scope of Work to be included in his proposal. However, omissions from this "Schedule of Responsibilities" do not relieve the Contractor from including in his proposal that Work which will be required to complete his Contract. Each Contractor should read the "Schedule of Contract Responsibilities" completely to familiarize himself with the Work of other Contractors that may have Work in adjacent areas and to coordinate the interfacing problems that may occur as the work is assembled and constructed.
- H. Where specific Work is to be completed under a particular phase of the Project and the Work is wholly or partially completed by other trades because of the type of work involved or jurisdictional trade agreements, the Contractor will be responsible to subcontract the Work as necessary to complete the Work included in his Contract. No delay in the Work will be allowed due to the failure of the Contractor to subcontract related work required by jurisdictional trade agreements.

1.15 COORDINATION OF WORK

- A. Each Contractor is responsible to coordinate his Work with the Work of other trades and other Contractors and requirements of the school system. The Contractor must make space allowances for Work of other Contractors; provide necessary openings where indicated or implied by the Drawings and Specifications. Each Contractor is responsible to protect his own Work.

1.16 TIME OF COMMENCEMENT AND COMPLETION

- A. The Contractor shall commence work within ten (10) days after being notified in writing to proceed and shall complete the Work within the time limitations established in the Form of Agreement.
 - 1. It is anticipated that construction will start within **20** calendar days after receipt of bids.
 - 2. Construction shall be complete within **273** consecutive calendar days, or earlier, after Notice to Proceed.

Clarification No. 1:

All contractors shall subscribe to PlanGrid for use on this project. The number of users is up to The contractor. PlanGrid will be used for the current construction documentation to include, current set, addenda, SI's, As-Built Conditions, QA/QC, and Punch Lists. Visit www.PlanGrid.com to determine subscription pricing. At a minimum, onsite personnel will be required to use this product to facilitate communication. It is recommended that an office administrator assist field personnel. PlanGrid is a tool for the construction phase and will not be used for bidding.

Clarification No. 2:

Private utilities locate will be required. The **Bid Category No. 1 and No. 4 Contractors** are to include in their bid, any costs associated to have a private utility locate company identify all utilities on the site outside the public utility boundaries.

Clarification No. 3:

Regarding Specification Sections 07 84 00 - Firestopping and 07 90 00 - Joint Sealants; all contractors are to provide Firestopping and Joint Sealants in accordance with the Contract Documents. In general, the Contractor whose work creates a joint that requires firestopping or joint sealant (in the normal sequence of work) is to provide the firestopping or joint sealant.

Clarification No. 4:

Regarding any references to "GC" or "General Contractor" indicated on the Contract Documents, this work is the responsibility of the **Bid Category No. 1 Contractor**.

Clarification No. 5:

The **Bid Category No. 1 Contractor** is to include with his bid, sweeping compound and 300 man-hours for general building and site clean-up (or other work) to be performed by a skilled laborer at the direction of the Construction Manager throughout the duration of the project. At the end of the project, unused hours will be converted into a dollar amount and returned to the Owner as a deduct Change Order.

Clarification No. 6:

The **Bid Category No. 1 Contractor** is to include \$6,000 in their bid for costs associated with the submittal website and document management subscription. Any unused amount will be credited back to the Owner as a deductive Change Order.

Clarification No. 7:

The **Bid Category No. 1 Contractor** is responsible to provide any special requirements and grading to provide equipment access for lifts and lulls. All disturbed areas shall be restored to their original state.

Clarification No. 8:

The **Bid Category No. 1 Contractor** shall provide plywood covered frames for window openings, overhead door openings, and hinged plywood at door openings to maintain temperatures necessary to perform the work and provide security. Provide protection against adverse weather so that the building and materials will not be damaged, and against unauthorized entry. Protection shall be provided well in advance of finishing operations to prevent penetration of dust or moisture into finished areas. Provide five (5) construction grade padlocks keyed alike with freeze protection for gates/doors with a minimum of ten (10) keys for distribution to designated contractors and the Construction Manager.

Clarification No. 9:

Use of excessive noise producing equipment and demolition operations that will interrupt normal school instruction will not be permitted during normal school operating hours. Contractors that require such equipment or that have interruptive demolition operations shall include in their bid the performance of such work after normal school operating hours. Contractors requiring the use or installation of materials that create excessive fumes must include in their bid the performance of such work after normal school operating hours. The contractor performing the work shall provide adequate ventilation to control fumes to allow normal school operations after the installation is completed.

Clarification No. 10:

The **Bid Category No. 1 Contractor** is responsible for cutting in openings (include demolition and removal) in existing masonry walls where mechanical openings or louvers require a steel lintel. Also include patch and repair of the masonry to match adjacent masonry.

Clarification No. 11:

The **Bid Category Nos. 1, 3, and 4 Contractors** shall include all work (temporary or permanent) associated with maintaining the existing or providing new Storm, Water, Sanitary, Heating, Ventilation, Cooling, Fire Protection, Gas, Life Safety Systems, Fire Alarm, Sound Systems, Technology and Electrical Services throughout the duration of the project.

Clarification No. 12:

Regarding Specification Section 02 41 30 - Minor Demolition for Remodeling; The **Bid Category No. 3 Contractor** is responsible to provide all demolition, cutting and patching of Plumbing, Mechanical/HVAC related work to include, but not limited to, Mechanical/HVAC, fixtures, piping, etc. The **Bid Category No. 4 Contractor** is to provide all demolition, cutting and patching of Electrical related work to include, but not limited to, light fixtures, conduit, raceways, wiring, equipment, etc. The **Bid Category No. 2 Contractor** is responsible to provide all demolition work associated with the roofing scope of work as indicated on the contract documents. The **Bid Category No. 2 Contractor** shall be responsible to remove the existing MEP roof curbs and shall patch the existing roofing substrate and prep for new construction. The **Bid Category No. 1 Contractor** is responsible for all other demolition, removals and patching as indicated on the contract documents.

Clarification No. 13:

The **Bid Category No. 1 Contractor** is to provide 100 LF of 6" wide insulated metal stud walls double sided with 5/8" painted plywood to separate work areas within the existing building. Exact locations and lineal footage to be identified by the Construction Manager. Height of partitions to be 4" above finished ceiling. Provide three (3) 4' wide hinged door openings to maintain emergency egress. Allow for relocation and removal of each wall section two (2) times as necessary due to construction progress when directed by the Construction Manager.

Clarification No. 14:

The **Bid Category No. 1 Contractor** is to provide, maintain and relocate the emergency access/egress for the occupied building at all locations and phases during construction to maintain the Owner's ability to have emergency access/egress. This must meet the requirements/approval of the State and Local Fire Inspectors.

Clarification No. 15:

Concrete equipment pads and housekeeping pads shown or required for plumbing, mechanical and electrical equipment are the responsibility of the contractor installing or providing the equipment.

Clarification No. 16:

The Bid Categories that have tracked mud or dirt in the parking lot or on public roadways are responsible to remove it on a daily basis.

Clarification No. 17:

Regarding coordinating the installation of required penetrations, roof openings, wall openings and floor openings; the Contractor whose work creates the opening or penetration is responsible for temporarily protecting, patching, repairing, and sealing the opening or penetration. Prior to commencement of work, contractors requiring roof penetrations must coordinate this work with the **Bid Category No. 2 Contractor**.

Clarification No. 18:

Regarding Specification Sections 06 10 00 - Rough Carpentry, the **Bid Category No. 2 Contractor** is responsible to provide all blocking, sheathing, or backing required for roof installation including MEP curbs, roof hatches, coping, fascia, parapet, etc. shown or required on the contract documents. The **Bid Category No. 1 Contractor** is responsible to provide all other wood blocking, sheathing, or backing required by the contract documents. The **Bid Category No. 1 Contractor** is responsible for the metal stud framing and substrate behind the metal panels.

Clarification No. 19:

The **Bid Category No. 1 Contractor** is to include in his bid, 30 man-hours at a skilled painter's rate for general touch-up painting to be performed at the direction of the Construction Manager throughout the duration of the project. These hours are not intended to be utilized to address punch list items. At the end of the project, unused hours will be converted into a dollar amount and returned to the Owner as a deduct Change Order.

Clarification No. 20:

The **Bid Category No. 3, and 4, Contractors** are responsible to temporarily support all HVAC/Plumbing and Electrical related items in all scope of work areas when removing ceilings to access existing material/equipment. Ceiling tiles are to be carefully removed, palletized, and re-installed.

Clarification No. 21:

Regarding Specification Sections 08 91 00 - Aluminum Wall Louvers, the **Bid Category No. 3 Contractor** is responsible to provide aluminum wall louvers required for Plumbing, Mechanical/HVAC, etc. shown or required on the contract documents. The **Bid Category No. 1 Contractor** is responsible to provide all other aluminum wall panels required by the contract documents.

Clarification No. 22:

The **Bid Category No. 1 Contractor** shall provide all underground utilities (sanitary sewer, storm sewer, water lines) to within 5' - 0" of the building perimeter. The **Bid Category No. 3 Contractor** is to provide all new utility tie ins, cleanouts and make final connections including the gas line. The **Bid Category No. 3 Contractor** is to coordinate with the **Bid Category No. 1 Contractor** to make all final connections for the exterior downspouts. All excavation and backfill required to make final connections are by the **Bid Category No. 3 Contractor**.

Clarification No. 23:

The **Bid Category No. 1 Contractor** is to provide snow removal from parking areas and building access points throughout the duration of the project.

Clarification No. 24:

The **Bid Category No. 1 Contractor** shall vacuum the sub floor prior to installing flooring materials at all locations throughout the building.

Clarification No.25:

The **Bid Category No. 1, Bid Category No. 3, and Bid Category No. 4 Contractors** are responsible for the excavation and backfilling of their work in accordance with the Specifications.

Clarification No. 26:

Each contractor is responsible to provide adequate ventilation of equipment exhaust while working in the Elementary School building addition.

Clarification No. 27:

The **Bid Category No. 1 Contractor** is responsible to remove the 2'x2' existing footers along with the existing water main.

B. BID CATEGORY NO. 2 - ROOFING & SHEETMETAL
General Requirements in Paragraph 3.02.B above.

Section	01 52 60	Rubbish Container
Section	02 41 30	Minor Demolition for Remodeling (As Applicable)
Section	06 10 00	Rough Carpentry (As Applicable)
Section	07 42 44	Composite Metal Panels
Section	07 42 63	Metal Panel Siding - Field Assembled
Section	07 53 23	Roof Insulation and Membrane Roofing - EPDM
Section	07 62 00	Sheet Metal Flashing
Section	07 71 19	Aluminum Fascias and Copings
Section	07 72 23	Roof Hatches
Section	07 84 00	Firestopping (As Applicable)
Section	07 90 00	Joint Sealants (As Applicable)

Clarification No. 1:

All contractors shall subscribe to PlanGrid for use on this project. The number of users is up to The contractor. PlanGrid will be used for the current construction documentation to include, current set, addenda, SI's, As-Built Conditions, QA/QC, and Punch Lists. Visit www.PlanGrid.com to determine subscription pricing. At a minimum, onsite personnel will be required to use this product to facilitate communication. It is recommended that an office administrator assist field personnel. PlanGrid is a tool for the construction phase and will not be used for bidding.

Clarification No. 2:

Use of excessive noise producing equipment and demolition operations that will interrupt normal school instruction will not be permitted during normal school operating hours. Contractors that require such equipment or that have interruptive demolition operations shall include in their bid the performance of such work after normal school operating hours. Contractors requiring the use or installation of materials that create excessive fumes must include in their bid the performance of such work after normal school operating hours. The contractor performing the work shall provide adequate ventilation to control fumes to allow normal school operations after the installation is completed.

Clarification No. 3:

Regarding Specification Section 02 41 30 - Minor Demolition for Remodeling; The **Bid Category No. 3 Contractor** is responsible to provide all demolition, cutting and patching of Plumbing, Mechanical/HVAC related work to include, but not limited to, Mechanical/HVAC, fixtures, piping, etc. The **Bid Category No. 4 Contractor** is to provide all demolition, cutting and patching of Electrical related work to include, but not limited to, light fixtures, conduit, raceways, wiring, equipment, etc. The **Bid Category No. 2 Contractor** is responsible to provide all demolition work associated with the roofing scope of work as indicated on the contract documents. The **Bid Category No. 2 Contractor** shall be responsible to remove the existing MEP roof curbs and shall patch the existing roofing substrate and prep for new construction. The **Bid Category No. 1 Contractor** is responsible for all other demolition, removals and patching as indicated on the contract documents.

Clarification No. 4:

The Bid Categories that have tracked mud or dirt in the parking lot or on public roadways are responsible to remove it on a daily basis.

Clarification No. 5:

Regarding coordinating the installation of required penetrations, roof openings, wall openings and floor openings; the Contractor whose work creates the opening or penetration is responsible for temporarily protecting, patching, repairing, and sealing the opening or penetration. Prior to commencement of work, contractors requiring roof penetrations must coordinate this work with the **Bid Category No. 2 Contractor**.

Clarification No. 6:

Regarding Specification Sections 06 10 00 - Rough Carpentry, the **Bid Category No. 2 Contractor** is responsible to provide all blocking, sheathing, or backing required for roof installation including MEP curbs, roof hatches, coping, fascia, parapet, etc. shown or required on the contract documents. The **Bid Category No. 1 Contractor** is responsible to provide all other wood blocking, sheathing, or backing required by the contract documents. The **Bid Category No. 1 Contractor** is responsible for the metal stud framing and substrate behind the metal panels.

Clarification No. 7:

Regarding Specification Sections 07 84 00 - Firestopping and 07 90 00 - Joint Sealants; all contractors are to provide Firestopping and Joint Sealants in accordance with the Contract Documents. In general, the Contractor whose work creates a joint that requires firestopping or joint sealant (in the normal sequence of work) is to provide the firestopping or joint sealant.

C. BID CATEGORY NO. 3 - PLUMBING/MECHANICAL/FIRESTOPPING

General Requirements in Paragraph 3.02.B above.

Section	01 51 30	Temporary Heating, Ventilation and Cooling
Section	02 41 30	Minor Demolition for Remodeling (As Applicable)
Section	03 30 00	Concrete (As Applicable)
Section	07 84 00	Firestopping (As Applicable)
Section	07 90 00	Joint Sealants (As Applicable)
Section	08 91 00	Aluminum Wall Louvers and Penthouses (As Applicable)
Section	21 05 00	Fire Protection/Sprinkler System
Section	22 05 00	Plumbing General Conditions
Section	22 07 00	Plumbing Insulation
Section	22 11 00	Domestic Water Distribution
Section	22 13 00	Sanitary Distribution (As Applicable)
Section	22 14 00	Storm Drainage Distribution (As Applicable)
Section	22 34 00	Domestic Water Heater
Section	22 42 00	Plumbing Fixtures
Section	23 05 00	Mechanical Materials and Methods
Section	23 05 93	Testing, Adjusting, and Balancing
Section	23 07 00	Mechanical Insulation
Section	23 09 23	Temperature Controls
Section	23 11 23	Natural Gas System Piping
Section	23 21 33	HVAC Specialties
Section	23 23 00	Refrigerant Piping Accessories
Section	23 34 00	Exhaust Fans and Accessories
Section	23 74 14	RT HVAC Units (02-30 Tons)
Section	23 81 23	Supplemental Cooling Units
Section	23 82 00	Space Heating Equipment
Section	23 82 23	Unit Ventilators
Section	23 88 00	Ductwork and Accessories
Section	31 20 00	Earthwork (As Applicable)
Section	33 11 00	Water Distribution Systems (As Applicable)
Section	33 11 50	Exterior Water Lines, Fire Lines, and Facilities (As Applicable)
Section	33 13 00	Disinfection of Water Distribution System (As Applicable)
Section	33 40 00	Storm Sewage Systems (As Applicable)

Clarification No. 1:

All contractors shall subscribe to PlanGrid for use on this project. The number of users is up to The contractor. PlanGrid will be used for the current construction documentation to include, current set, addenda, SI's, As-Built Conditions, QA/QC, and Punch Lists. Visit www.PlanGrid.com to determine subscription pricing. At a minimum, onsite personnel will be required to use this product to facilitate communication. It is recommended that an office administrator assist field personnel. PlanGrid is a tool for the construction phase and will not be used for bidding.

Clarification No. 2:

Use of excessive noise producing equipment and demolition operations that will interrupt normal school instruction will not be permitted during normal school operating hours. Contractors that require such equipment or that have interruptive demolition operations shall include in their bid the performance of such work after normal school operating hours. Contractors requiring the use or installation of materials that create excessive fumes must include in their bid the performance of such work after normal school operating hours. The contractor performing the work shall provide adequate ventilation to control fumes to allow normal school operations after the installation is completed.

Clarification No. 3:

The **Bid Category Nos. 1, 3, and 4 Contractors** shall include all work (temporary or permanent) associated with maintaining the existing or providing new Storm, Water, Sanitary, Heating, Ventilation, Cooling, Fire Protection, Gas, Life Safety Systems, Fire Alarm, Sound Systems, Technology and Electrical Services throughout the duration of the project.

Clarification No. 4:

Regarding Specification Section 02 41 30 - Minor Demolition for Remodeling; The **Bid Category No. 3 Contractor** is responsible to provide all demolition, cutting and patching of Plumbing, Mechanical/HVAC related work to include, but not limited to, Mechanical/HVAC, fixtures, piping, etc. The **Bid Category No. 4 Contractor** is to provide all demolition, cutting and patching of Electrical related work to include, but not limited to, light fixtures, conduit, raceways, wiring, equipment, etc. The **Bid Category No. 2 Contractor** is responsible to provide all demolition work associated with the roofing scope of work as indicated on the contract documents. The **Bid Category No. 2 Contractor** shall be responsible to remove the existing MEP roof curbs and shall patch the existing roofing substrate and prep for new construction. The **Bid Category No. 1 Contractor** is responsible for all other demolition, removals and patching as indicated on the contract documents.

Clarification No. 5:

Concrete equipment pads and housekeeping pads shown or required for plumbing, mechanical and electrical equipment are the responsibility of the contractor installing or providing the equipment.

Clarification No. 6:

The Bid Categories that have tracked mud or dirt in the parking lot or on public roadways are responsible to remove it on a daily basis.

Clarification No. 7:

Regarding coordinating the installation of required penetrations, roof openings, wall openings and floor openings; the Contractor whose work creates the opening or penetration is responsible for temporarily protecting, patching, repairing, and sealing the opening or penetration. Prior to commencement of work, contractors requiring roof penetrations must coordinate this work with the **Bid Category No. 2 Contractor**.

Clarification No. 8:

The **Bid Category No. 3, and 4, Contractors** are responsible to temporarily support all HVAC/Plumbing and Electrical related items in all scope of work areas when removing ceilings to access existing material/equipment. Ceiling tiles are to be carefully removed, palletized, and re-installed. When the new corridor ceilings are installed, the devices will be reinstalled or replaced per the contract documents.

Clarification No. 9:

Regarding Specification Sections 07 84 00 - Firestopping and 07 90 00 - Joint Sealants; all contractors are to provide Firestopping and Joint Sealants in accordance with the Contract Documents. In general, the Contractor whose work creates a joint that requires firestopping or joint sealant (in the normal sequence of work) is to provide the firestopping or joint sealant.

Clarification No. 10:

Regarding Specification Sections 08 91 00 - Aluminum Wall Louvers, the **Bid Category No. 3 Contractor** is responsible to provide aluminum wall louvers required for Plumbing, Mechanical/HVAC, etc. shown or required on the contract documents. The **Bid Category No. 1 Contractor** is responsible to provide all other aluminum wall panels required by the contract documents.

Clarification No. 11:

The **Bid Category No. 1 Contractor** shall provide all underground utilities (sanitary sewer, storm sewer, water lines) to within 5'- 0" of the building perimeter. The **Bid Category No. 3 Contractor** is to provide all new utility tie ins, cleanouts and make final connections including the gas line. The **Bid Category No. 3 Contractor** is to coordinate with the **Bid Category No. 1 Contractor** to make all final connections for the exterior downspouts. All excavation and backfill required to make final connections are by the **Bid Category No. 3 Contractor**.

Clarification No. 12:

The **Bid Category No. 1, Bid Category No. 3, and Bid Category No. 4 Contractors** are responsible for the excavation and backfilling of their work in accordance with the Specifications.

Clarification No. 13:

Each contractor is responsible to provide adequate ventilation of equipment exhaust while working in the Elementary School building addition.

Clarification No. 14:

Regarding any references to “PC”/“Plumbing Contractor”, or “MC”/Mechanical Contractor” indicated on the Contract Documents, this work is the responsibility of the **Bid Category No. 3 Contractor**.

D. BID CATEGORY NO. 4 - ELECTRICAL/TECHNOLOGY

General Requirements in Paragraph 3.02.B above.

Section	01 51 10	Temporary Electricity, Lighting and Warning Systems
Section	02 41 00	Minor Demolition for Remodeling (As Applicable)
Section	03 30 00	Concrete (As Applicable)
Section	07 84 00	Firestopping (As Applicable)
Section	07 90 00	Joint Sealants (As Applicable)
Section	26 05 00	Basic Electrical Requirements
Section	26 05 01	Electrical Demolition for Remodeling
Section	26 05 02	Equipment Wiring Systems
Section	26 05 19	Wires and Cables - 600 Volts and Less
Section	26 05 26	Grounding and Bonding
Section	26 05 29	Supporting Devices
Section	26 05 30	Conduit
Section	26 05 33	Surface Raceways
Section	26 05 34	Boxes
Section	26 05 44	Ductbank
Section	26 05 53	Electrical Identification
Section	26 09 23	Lighting Controls - Photocells and Timeclocks
Section	26 09 24	Room Occupancy Sensors
Section	26 09 27	Relays
Section	26 09 36	Dimmers
Section	26 22 13	Transformers
Section	26 24 13	Switchboards
Section	26 24 16	Panelboards
Section	26 27 13	Electrical Service Entrance
Section	26 27 26	Wiring Devices
Section	26 28 13	Low Voltage Cartridge Fuses - 600 Volts and Less
Section	26 29 13	Disconnect and Safety Switches
Section	26 29 15	Motor Starters
Section	26 51 00	Lighting Fixtures and Accessories
Section	27 00 00	Systems
Section	27 05 00	Communication Systems Electrical Requirements
Section	27 51 23	School Intercommunications System
Section	31 20 00	Earthwork (As Applicable)

Clarification No. 1:

All contractors shall subscribe to PlanGrid for use on this project. The number of users is up to The contractor. PlanGrid will be used for the current construction documentation to include, current set, addenda, SI's, As-Built Conditions, QA/QC, and Punch Lists. Visit www.PlanGrid.com to determine subscription pricing. At a minimum, onsite personnel will be required to use this product to facilitate communication. It is recommended that an office

administrator assist field personnel. PlanGrid is a tool for the construction phase and will not be used for bidding.

Clarification No. 2:

Private utilities locate will be required. The **Bid Category No. 1 and No. 4 Contractor** are to include in their bid, any costs associated to have a private utility locate company identify all utilities on the site outside the public utility boundaries.

Clarification No. 3:

The **Bid Category Nos. 1, 3, and 4 Contractors** shall include all work (temporary or permanent) associated with maintaining the existing or providing new Storm, Water, Sanitary, Heating, Ventilation, Cooling, Fire Protection, Gas, Life Safety Systems, Fire Alarm, Sound Systems, Technology and Electrical Services throughout the duration of the project.

Clarification No. 4:

Regarding Specification Section 02 41 30 - Minor Demolition for Remodeling; The **Bid Category No. 3 Contractor** is responsible to provide all demolition, cutting and patching of Plumbing, Mechanical/HVAC related work to include, but not limited to, Mechanical/HVAC, fixtures, piping, etc. The **Bid Category No. 4 Contractor** is to provide all demolition, cutting and patching of Electrical related work to include, but not limited to, light fixtures, conduit, raceways, wiring, equipment, etc. The **Bid Category No. 2 Contractor** is responsible to provide all demolition work associated with the roofing scope of work as indicated on the contract documents. The **Bid Category No. 2 Contractor** shall be responsible to remove the existing MEP roof curbs and shall patch the existing roofing substrate and prep for new construction. The **Bid Category No. 1 Contractor** is responsible for all other demolition, removals and patching as indicated on the contract documents.

Clarification No. 5:

Concrete equipment pads and housekeeping pads shown or required for plumbing, mechanical and electrical equipment are the responsibility of the contractor installing or providing the equipment.

Clarification No. 6:

The Bid Categories that have tracked mud or dirt in the parking lot or on public roadways are responsible to remove it on a daily basis.

Clarification No. 7:

Regarding coordinating the installation of required penetrations, roof openings, wall openings and floor openings; the Contractor whose work creates the opening or penetration is responsible for temporarily protecting, patching, repairing, and sealing the opening or penetration. Prior to commencement of work, contractors requiring roof penetrations must coordinate this work with the **Bid Category No. 2 Contractor**.

Clarification No. 8:

The **Bid Category No. 3, and 4, Contractors** are responsible to temporarily support all HVAC/Plumbing and Electrical related items in all scope of work areas when removing ceilings to access existing material/equipment. Ceiling tiles are to be carefully removed, palletized, and

re-installed. When the new corridor ceilings are installed, the devices will be reinstalled or replaced per the contract documents.

Clarification No. 9:

Regarding Specification Sections 07 84 00 - Firestopping and 07 90 00 - Joint Sealants; all contractors are to provide Firestopping and Joint Sealants in accordance with the Contract Documents. In general, the Contractor whose work creates a joint that requires firestopping or joint sealant (in the normal sequence of work) is to provide the firestopping or joint sealant.

Clarification No. 10:

The **Bid Category No. 1, Bid Category No. 3, and Bid Category No. 4 Contractors** are responsible for the excavation and backfilling of their work in accordance with the Specifications.

Clarification No. 11:

Each contractor is responsible to provide adequate ventilation of equipment exhaust while working in the Elementary School building addition.

Clarification No. 12:

The **Bid Category No. 4 Contractors** is responsible for the galvanized structural steel support for the weatherproof GFCI. An example of this can be found on Sheet E-205.

Clarification No. 13:

Regarding any references to "EC" or "Electrical Contractor" indicated on the Contract Documents, this work is the responsibility of the **Bid Category No. 4 Contractor**.

END OF SECTION 01 12 00
