

**SECTION 00 02 00 - NOTICE TO BIDDERS**

**NOTICE TO BIDDERS**

Notice is hereby given that sealed bids will be received:

By: Logansport Community School Corporation  
2829 George St.  
Logansport, IN 46947

For: Logansport Junior High School Renovations

At: Logansport Community School Corporation  
Administration Building  
2829 George St.  
Logansport, IN 46947

Until: 11:00 AM Local Time, September 12, 2024

Bid Opening: Bids will be publicly opened and read aloud at 11:00 AM Local Time in the Administration Building.

All work for the complete construction of the Project will be under one prime contract with the Owner based on bids received and on combinations awarded. The General Contractor will manage the construction of the Project in full cooperation with the Owner's Representative.

Construction shall be in full accordance with the Bidding Documents which are on file with the Owner and may be examined by prospective bidders at the following locations:

Office of the Owner's Representative  
The Skillman Corporation  
8006 Aetna Street  
Merrillville, IN 46410

The Skillman Plan Room  
[www.skillmanplanroom.com](http://www.skillmanplanroom.com)

Prime and Non-Prime Contract Bidders must place an order on [www.skillmanplanroom.com](http://www.skillmanplanroom.com) to be able to download documents electronically or request printed documents. There is no cost for downloading the bidding documents. Bidders desiring printed documents shall pay for the cost of printing, shipping, and handling. Reprographic Services are provided by:

**Reprographic Arts, 2824 E. Michigan Blvd., Michigan City, IN 46360, Phone (219) 872-9111**

A Pre-Bid Conference will be held on September 3, 2024 at 3:30 PM local time, at Logansport Junior High School, 2901 Usher Street, Logansport, IN 46947. Attendance by bidders is optional, but recommended, in order to clarify or answer questions concerning the Drawings and Project Manual for the Project.

Bid security in the amount of ten percent (10%) of the Bid must accompany each Bid in accordance with the Instructions to Bidders.

The successful Bidders will be required to furnish Performance and Payment Bonds for one hundred percent (100%) of their Contract amount prior to execution of Contracts.

Contractors submitting bids for the performance of any Work as specified in this building Project should make such Bids to **Logansport Community School Corporation**. Contractors are advised that the Contract as finally entered into with any successful Bidder may be entered into with either the School Corporation or the Building Corporation or certain portions of the Contract may be entered into by both the School Corporation and the Building Corporation.

The Owner reserves the right to accept or reject any Bid (or combination of Bids) and to waive any irregularities in bidding. All Bids may be held for a period not to exceed **60** days before awarding contracts.

**Logansport Community School Corporation**  
By: Michele Starkey, Superintendent

END OF SECTION 00 02 00

## **SECTION 01 12 00 - MULTIPLE CONTRACT SUMMARY**

### **PART 1 - GENERAL**

#### **1.01 RELATED DOCUMENTS**

- A. Drawings and General Provisions of the Prime Contract, including amended General Conditions and other Division 1 Specification Sections, apply to Work of this Section.

#### **1.02 SUMMARY**

- A. The intent of this Section is to indicate the Work required by the Contractors and to provide information regarding the duties, responsibilities, and cooperation required by the Contractors, with similar requirements for the subcontractors and suppliers.
- B. Owners right to maintain current operations
- C. Occupancy requirements
- D. Work by Owner
- E. Permits, fees, and notices
- F. Labor and materials
- G. Verifications of existing dimensions
- H. Project security
- I. Coordination of work
- J. Time of commencement and completion
- K. Schedule of contract responsibilities

#### **1.03 WORK UNDER SEPARATE CONTRACTS**

- A. Prime Contracts are defined to include the following contracts described in the Schedule of Contract Responsibilities included hereinafter; and each is recognized to be a major part of the project, with Work to be performed concurrently and in close coordination with Work of other Prime Contracts.
- B. The "Contract Documents," as defined in the General Conditions, include "the Drawings." Although Drawings are grouped and identified by classification of the Work, Contractors shall be responsible for their Work as specified herein and as

indicated on the Drawings. Although the majority of the Drawings are "to scale," Contractors are directed to use indicated dimensions for determining material quantities and for other reasons. No additional monies will be allowed due to Contractors using "scaling instruments" to determine material quantities or for other reasons.

- C. Separate prime contracts will be awarded as per the "**Schedule of Contract Responsibilities**" (see Part 3 – Execution) as applicable. Contractors shall include Work required by the Specifications and Drawings for each contract area defined in the Schedule.
- D. Work for the complete construction of the Project will be under one prime General Contractor contract with the Owner. The General Contractor will manage the construction of the Project. The Construction Manager will be the Owner's Representative for the Project.
- E. Each Contractor shall be responsible for demolition and disposal of existing items relative to his Contract.

#### **1.04 ADMINISTRATIVE RESPONSIBILITIES OF PRIME CONTRACTORS AND CM**

- A. The General Contractor shall be responsible for the maintenance of the Construction Schedule and management of every phase of the Work. The Construction Manager will serve on behalf of the owner in administration of the Project.
  - 1. General Contractor and its subcontractors shall read the Specifications and Drawings for other separate Contracts for fixed equipment and the like to be incorporated or attached or built into the Work; and familiarize himself with the requirements and responsibilities of other Contracts to enable the required coordination and supervision.
  - 2. General Contractor and its subcontractors shall also familiarize themselves with other items to be incorporated into the Work including equipment and Work by the Owner.
  - 3. General Contractor shall cooperate with the Construction Manager in notifying him when the Work is at a stage to require the services of other Contractors and shall notify the Construction Manager in the event that such other Contractors do not carry out their responsibilities in connection with such notification.
- B. General Contractor and its subcontractors shall prepare construction progress and procedures, schedule of product deliveries, and their effect on the overall project progress and completion and provide to the Construction Manager for review and approval. Other Contractors (as applicable) shall cooperate in getting their Work and the Work of their subcontractors completed according to the schedule as prepared and maintained by the General Contractor. The General Contractor shall immediately notify the Construction Manager of a delay in delivery of products or the scheduled date of completion that may affect the total progress of construction.

- C. The Owner will furnish the topographical survey, either as a part of these Drawings or separately, giving the general topographical lines existing at the site and the property lines.
- D. Contractors required to make connections to existing utilities, especially sewerage where gravity flow occurs, shall verify grades and locations at points of such connections and shall notify the Construction Manager through the General Contractor of circumstances which would adversely affect the proper flow or connection to such facilities.

#### **1.05 PRIME CONTRACTORS USE OF PREMISES**

- A. Use of the Site: Limit use of the premises to work in areas indicated. Confine operations to areas within contract limits indicated. Do not disturb portions of the site beyond the areas in which the Work is indicated.
  - 1. Owner Occupancy: Allow for Owner occupancy and use by the public.
  - 2. Driveways and Entrances: Keep driveways and entrances serving the premises clear and available to the Owner, the Owner's employees, and emergency vehicles at all times. Do not use these areas for parking or storage of materials. Schedule deliveries to minimize space and time requirements for storage of materials and equipment on site.
- B. Use of the Existing Building: Maintain the existing building in a weathertight condition throughout the construction period. Repair damage caused by construction operations. Take all precautions necessary to protect the building and its occupants during the construction period.

#### **1.06 OWNERS RIGHT TO MAINTAIN OPERATIONS**

- A. During the course of this Project, normal and customary functions and operations must be maintained. The Contract Documents are intended to define a strict separation between the school activities of students and staff from the activities of the construction project.
- B. The Construction Manager, Architect, and Owner will not tolerate any visible or audible actions initiated or responded to by any employees of Contractors on this Project toward any students, teachers, or staff members at the school system. Violators shall be promptly removed from the site.
- C. The Owner intends to instruct students, teachers, and staff to refrain from communications with Contractor's personnel working on this Project. All communication with Owner and staff shall be through the Construction Manager.
- D. Contractors must expend their best effort toward protection of the health, safety, and welfare of occupants on the Owner's property during the course of Work on this Project.

## **1.07 OCCUPANCY REQUIREMENTS**

- A. Full Owner Occupancy: The Owner will occupy the site and existing building during the entire construction period. Cooperate with the Owner during construction operations to minimize conflicts and facilitate Owner usage. Perform the Work so as not to interfere with the Owner's operations.
  
- B. Partial Owner Occupancy: The Owner reserves the right to occupy and to place and install equipment in completed areas of the building prior to Substantial Completion, provided such occupancy does not interfere with completion of the Work. Such placing of equipment and partial occupancy shall not constitute acceptance of the total Work.
  - 1. The Construction Manager will prepare a Certificate of Substantial Completion for each specific portion of the Work to be occupied prior to Owner occupancy.
  - 2. Party which obtained general building permit shall obtain a Certificate of Occupancy from local building officials prior to Owner occupancy.
  - 3. Prior to partial Owner occupancy, mechanical and electrical systems shall be fully operational. Required inspections and tests shall have been successfully completed. Upon occupancy, the Owner will operate and maintain mechanical and electrical systems serving occupied portions of the building.
  - 4. Upon occupancy, the Owner will assume responsibility for maintenance and custodial service for occupied portions of the building.

## **1.08 WORK BY OWNER**

- A. The Owner intends to complete the following items of Work outside the provisions of these Contract Documents. Contractors shall not restrict or interfere with the Owner's right to the Project to accomplish this Work.
  - 1. Equipment and furniture except as scheduled and specified under Divisions 11 and 12 and shown on the Drawings.
  - 2. Items which may be deleted from Contracts for Work as required by the Contract Documents.
  - 3. Existing school maintenance work.
  - 4. The purchase and supplying of certain materials as noted in the Project Manual.
  - 5. The Owner, under separate contract, shall provide removal of identified asbestos containing materials from the existing structure. The asbestos report is available through the Construction Manager upon request.

## **1.09 PERMITS, FEES, AND NOTICES**

- A. The General Contractor will secure the general building permit for the Owner. General Contractor shall secure and pay for other permits, governmental fees, and licenses necessary for the proper execution and completion of his subcontractor's Work, which are applicable at the time the bids are also received. Fees to relocate utilities on Owner's property shall be included in the bid of the Contractor doing the relocation.
  - 1. State filing fees for plan approval are the responsibility of the Owner and will be paid by the Owner.
- B. Utility Tie-Ins: Shall be arranged with local utility company and other involved parties for minimum interruption of service.
- C. Shutdowns of existing systems shall be limited to minimum time required and scheduled with other involved parties. Provide 2 days written notice of shutdown to Construction Manager and Owner.
- D. Inspections of installed work shall be performed by the governing authority as arranged for by the General Contractor and its subcontractors. Work shall not be covered until approved.
- E. General Contractor and its subcontractors shall give notices and comply with laws, ordinances, rules, regulations, and orders of public authorities bearing on the performance of their Work. If the General Contractor or its subcontractors observes that the Contract Documents are at variance therewith, the General Contractor shall promptly notify the Construction Manager in writing, and necessary changes shall be adjusted by appropriate notification. If the General Contractor or its subcontractors perform Work knowing it to be contrary to such laws, ordinances, rules, and regulations, and without such notice to the Construction Manager, he shall assume full responsibility therefore and shall bear the costs attributable thereto.

## **1.10 LABOR AND MATERIALS**

- A. Unless otherwise specifically noted, the General Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for the proper execution and completion of his Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work.
- B. The General Contractor and its subcontractors shall enforce strict discipline and good order among his employees or other persons carrying out Work of his Contract and shall not permit employment of unfit person or persons or anyone not skilled in the task assigned to them.

- C. General Contractor and its Subcontractors shall be subject to such rules and regulations for the conduct of the Work as the Owner may establish. Employees shall be properly and completely clothed while working. Bare torsos, legs and feet will not be allowed. Possession or consumption of alcoholic beverages or drugs, tobacco or other noxious behavior on the site is strictly prohibited. Violators shall be promptly removed from the site. Smoking is not permitted on school property or within school buildings.
- D. General Contractor and its subcontractors will conduct criminal background checks (extent of and/or service to be used will be established by the Owner) on every employee assigned to work on the Project and clear them through the National Sex Offender Registry prior to their assignment to Project. Subcontractors will require the same of sub-contractors.
- E. ID Badges will be issued by The Skillman Corporation upon receipt of verification from the General Contractor and its subcontractors that the employee/subcontractor employee or independent contractor has a satisfactory record to work on the Project.
- F. E-Verify Compliance: Pursuant to I.C. 22-5-1.7, General Contractor and its subcontractors shall enroll in and verify the work eligibility status of all newly hired employees of General Contractor and its subcontractors through the E-Verify Program (Program). General Contractor is not required to verify the work eligibility status of all newly hired employees through the Program if the Program no longer exists. Also pursuant to I.C. 22-5-1.7, General Contractor must execute an affidavit affirming that the General Contractor does not knowingly employ an unauthorized alien and confirming General Contractor's enrollment in the Program, unless the Program no longer exists, shall be filed with the Owner prior to the execution of this contract. This contract shall not be deemed fully executed until such affidavit is delivered to the Owner.

General Contractor and its subcontractors shall not knowingly employ or contract with an unauthorized alien or retain an employee or contract with a person that contractor or its subcontractor subsequently learns is an unauthorized alien. If General Contractor or its subcontractors violate this provision the Owner shall require General Contractor to remedy the violation not later than thirty (30) days after the Owner notifies General Contractor. If General Contractor fails to remedy the violation within the thirty (30) day period, the Owner shall terminate the contract for breach of contract. If Owner terminates the contract, General Contractor shall be liable to the Owner for actual damages in addition to any other contractual remedies. There is a rebuttable presumption that General Contractor did not knowingly employ an unauthorized alien if General Contractor verified the work eligibility status of the employee through the Program.

Prior to performing any work, General Contractor shall require each subcontractor to certify to General Contractor that the subcontractor does not knowingly employ or contract with an unauthorized alien and has enrolled in the Program. General Contractor shall maintain on file a certification from each subcontractor

throughout the duration of this contract or project which is the subject of this contract. If General Contractor determines that a subcontractor is in violation of this provision, General Contractor may terminate its contract with the subcontractor for such violation. In Accordance with I.C. 5-16-13 General Contractor must provide the E-Verify Case Number of every employee that works on the project. This requirement includes the contractor's subs and suppliers to the fourth (4<sup>th</sup>) tier.

- G. The Owner is requiring that all contractors' personnel and their onsite employees and subcontractors submit to expanded history and child protection index check. Contractors shall enroll in the Safe Vendor Program through Safe Hiring Solutions [www.safehiringsolutions.com](http://www.safehiringsolutions.com). Enrollment in Safe Vendor will ensure contractors employees are vetted in accordance with I.C. 20-26-5-10 for expanded criminal history and expanded child protection index check. Contractor is responsible for the cost of enrollment and employee background check. All contractors' personnel and employees, once cleared for work will be issued a project identification badge that must be worn at all times while on site. All contractors/subcontractors employees shall provide name, address, picture state driver's license or picture identification card and/or Safe Vendor Card to Owner's Site Representative or The Skillman Corporation representative upon request.
- H. Pursuant to Indiana Code 5-16-13 Requirements for Contractors on Public Works Projects enacted by the Indiana Legislator requires, in addition to requirements already in effect, contractors to comply with the following:
1. Tier 1 –General/Prime Contractors to self-perform 15% of their total Contract.
  2. Qualification thru the Department of Administration or INDOT requirement in accordance with IC 4-13.6-4.
    - a. **Bids shall not be considered unless (1) the Prime Bidder and (2) all lower tiered subcontractors whose subcontract value is estimated to be \$300,000 or more are qualified at the time of the bid in accordance with IC 4 – 13.6 – 4.**
  3. Include Written Drug Testing Plan that covers all employees of the bidder who will perform work on the public work project and meets or exceeds the requirements set in IC 4-13-18-5 or IC 4-13-18-6 with Bid.
  4. Minimum Insurance Requirements \$1M/occurrence \$2M/aggregate. However, check your bidding requirements as the Owners may have higher limit requirements.
  5. Mandatory enrollment in E-Verify by all contractors down to the 4th Tier Sub Contracts and must provide the case verification number of all employees working on the project.
  6. Prohibits contractors down to the 4th Tier Sub Contract from paying employees in cash.
  7. Requirement to retain payroll records for 3 years

8. All contractors down to the 4<sup>th</sup> Tier Sub Contract must comply with Fair Labor Act, Indiana's Workers Compensation and Unemployment Compensation Insurance.
  9. Mandatory Training Requirements based upon number of employees.
  10. Failure to comply may result in debarment from public works projects for up to 4 years.
- I. All contractors down to the 4<sup>th</sup> Tier Sub Contract must maintain general liability insurance in at least the following amounts: Each Occurrence Limit of \$1,000,000 and General Aggregate Limit of \$2,000,000. Other requirements and limits may apply see specification section 00 50 00 Schedule of Insurance Requirements.

### **1.11 CUTTING AND PATCHING**

- A. Refer to Section 01 73 10 – Cutting and Patching, for provisions on this subject.

### **1.12 VERIFICATIONS OF EXISTING DIMENSIONS**

- A. When verification of existing dimensions is required, the General Contractor or his subcontractors shall be responsible for the procurement of the field information.

### **1.13 PROJECT SECURITY**

- A. General Contractor shall take all reasonable precautions to prevent injury, damage or loss to people and property in, on and adjacent to the project. This shall include not only their own work or property but that of other subcontractors and the Owner.
- B. If deemed necessary by the Construction Manager a project wide security program may be developed for the purpose of preventing damage or loss at the project site or property adjacent thereto. Once accepted by the Owner, contractors shall comply.

### **1.14 SCHEDULE OF CONTRACT RESPONSIBILITIES – SCOPE**

- A. Contractors shall submit their proposals based on the work included under each contract area as listed herein. Include Work necessary for a complete project, as shown on the Drawings and called for in the Specifications.
- B. Questions concerning the phasing, or "Schedule of Contract Responsibilities" should be directed to the Construction Manager, who will be the interpreter and be responsible for this Schedule of Contract Responsibilities and Contract Breakdown, prior to submitting proposals.
- C. The requirements of Division 1 are a part of the Work of each and every contract area. The Contractor for any one contract area shall be familiar with the Work and requirements of all other contract areas.

- D. Certain Specification Sections describe Work to be performed under several contract areas. (Example: 06 10 00 - Rough Carpentry.) Provide Work of this nature as required for each contract area whether or not enumerated in the Schedule of Contract Responsibilities.
- E. The following contract areas are broken down by Specifications Section conforming basically to the CSI format.
- F. The Drawings and Specifications as furnished for each of the Contracts is for the convenience of the Contractor in preparing a proposal for this Project. However, each Contractor is responsible to review the complete set of Drawings and Specifications to assure that Work required to be installed to complete his phase of the Work is included in his proposal. This "Schedule of Contract Responsibilities" is a definition of the work as it is to be bid in separate contracts. Where a specific item of Work is not defined, but is normally inherent to a trade, or is included in the scope of the applicable technical revision, it will be the responsibility of that Contractor to include the Work in his proposal.
- G. This "Schedule of Contract Responsibilities" is to aid each Contractor in defining the Scope of Work to be included in his proposal. However, omissions from this "Schedule of Responsibilities" do not relieve the Contractor from including in his proposal that Work which will be required to complete his Contract. Each Contractor should read the "Schedule of Contract Responsibilities" completely to familiarize himself with the Work of other Contractors that may have Work in adjacent areas and to coordinate the interfacing problems that may occur as the work is assembled and constructed.
- H. Where specific Work is to be completed under a particular phase of the Project and the Work is wholly or partially completed by other trades because of the type of work involved or jurisdictional trade agreements, the Contractor will be responsible to subcontract the Work as necessary to complete the Work included in his Contract. No delay in the Work will be allowed due to the failure of the Contractor to subcontract related work required by jurisdictional trade agreements.

#### **1.15 COORDINATION OF WORK**

- A. Each Contractor is responsible to coordinate his Work with the Work of other trades and other Contractors and requirements of the school system. The Contractor must make space allowances for Work of other Contractors; provide necessary openings where indicated or implied by the Drawings and Specifications. Each Contractor is responsible to protect his own Work.

## 1.16 TIME OF COMMENCEMENT AND COMPLETION

- A. The Contractor shall commence work within ten (10) days after being notified in writing to proceed and shall complete the Work within the time limitations established in the Form of Agreement.
1. It is anticipated that construction will start within **(32 DAYS)** calendar days after receipt of bids.
  2. Construction shall be complete within **(314 DAYS)** consecutive calendar days, or earlier, after Notice to Proceed.

Clarification No. 1:

The Construction Manager is the designated Owner’s representative. The **Bid Category No. 1 Contractor shall act as the General Contractor and shall be responsible for schedule and coordination/execution of the work.** The **Bid Category No. 1 Contractor** shall be responsible for providing the construction schedule in accordance with Specification Section 01 32 00 – Schedules and Reports including but not limited to the maintenance and periodic updates to the Construction Manager.

Clarification No. 2:

Throughout the documents, the term “Contractor” shall generally mean “General Contractor”. The term “Subcontractor” shall generally mean subcontractor to General Contractor, or subcontractor to any of those subcontractors.

Clarification No. 3:

The **Bid Category No. 1 Contractor** is to include \$3,800 in their bid for costs associated with the submittal website and document management subscription. Any unused amount will be credited back to the Owner as a deductive Change Order.

Clarification No. 4:

Regarding Section 01 52 10 – Temporary Enclosures, the **Bid Category No. 1 Contractor** is to provide 4” wide insulated metal stud walls double sided with 5/8” drywall to separate work areas within the building where noise and dust is to be contained to minimize disruptions to adjacent occupied spaces as areas are completed and for any temporary classroom locations as required. Partitions to be constructed to the roof deck. Allow for relocation and removal of each wall section three (3) times as necessary due to construction progress, and demolition and disposal of partitions at project completion.

Clarification No. 5:

Use of excessive noise producing equipment and demolition operations that will interrupt normal school instruction will not be permitted during normal school operating hours. Contractors that require such equipment or that have interruptive operations shall include in their bid the performance of such work after normal school operating hours. Contractors requiring the use or installation of materials that create excessive fumes must include in their bid the performance of such work after normal school operating hours. The contractor performing the work shall provide adequate ventilation to control fumes to allow normal school operations after the installation is completed.

Clarification No. 6:

The **Bid Category No. 1 Contractor** shall not install final coat of paint until all work in each room is complete. Should contractor elect to proceed with final paint the Contractor assumes responsibility for all touch-up required.

Clarification No. 7:

The **Bid Category No. 1 Contractor** shall include all work associated with re-routing, relocating, protecting, and maintaining the existing, electrical, low-voltage systems, storm, domestic water, sanitary, heating, ventilation, cooling, temperature controls, fire protection, gas, life safety systems, fire alarm, public address/sound systems, technology impacted by construction activities, or shall provide temporary systems and equipment, to allow adjacent areas to remain code compliant and operational while occupied throughout the duration of the project.

Clarification No. 8:

The **Bid Category No. 1 Contractor** shall provide adequate protection for all flooring or wall systems that are to remain. Any damage caused to flooring or wall systems due to lack of adequate protection shall be repaired or replaced to the satisfaction of the Owner or Construction Manager at no added cost to the Owner.

Clarification No. 9:

Regarding coordinating the installation of required penetrations, roof openings, wall openings, and floor openings; the **Bid Category No. 1 Contractor** is responsible for temporarily protecting, patching, repairing, and sealing the opening or penetration. Prior to commencement of work, roof penetrations must be coordinated with the Owner's Roofing Consultant to ensure that warranties are not violated.

Clarification No. 10:

**The Bid Category No. 1 Contractor and its subcontractors** shall refrain from disturbing any suspect asbestos containing building materials and notify the Construction Manager immediately to ensure that the Owner's Environmental Consultant may assess and remedy the issue.

Clarification No. 11:

**The Bid Category No. 1 Contractor** shall include scanning of floors prior to the performance of any saw cutting.

Clarification No. 12:

**The Bid Category No. 1 Contractor** is responsible for the temporary support of all light fixtures, fire alarm devices, miscellaneous devices, and cabling throughout when ceilings are removed. When the new ceilings are installed, the electrical items are to be installed or replaced per the contract documents. **The Bid Category No. 1 Contractor** shall provide temporary lighting at the emergency egress locations throughout the duration of the project.

Clarification No. 13:

**The Bid Category No. 1 Contractor** shall develop the Project Schedule in full cooperation with the Owner and Construction Manager to ensure that disruptions to the operation of the school are minimized and include the necessary coordination with the Owner for relocation of staff and furniture to temporary locations to allow for work to proceed. Work on afternoons or weekends may be required at no added cost to accomplish the completion of the project. The following work must be scheduled to start/complete during Summer of 2025:

Band/Choir D-124, Alternate No. 2 – Cafeteria Flooring.

END OF SECTION 01 12 00
